

# EXPERIENCING THE

Instankon RF70

## ABOUT INSTANTKON RF70

The Hong Kong-based [MiNT Camera](#)'s [InstantKon RF70](#) is a manual large format rangefinder instant camera for Fuji Instax Wide film — the first with full manual controls.

The leather-wrapped RF70 is compact thanks to its 0.44x rangefinder system and collapsible bellow, folding up into a neat little box when it's not being used. On the front of the camera is a 93mm aspherical glass lens for “the sharpest and the most meticulous images.

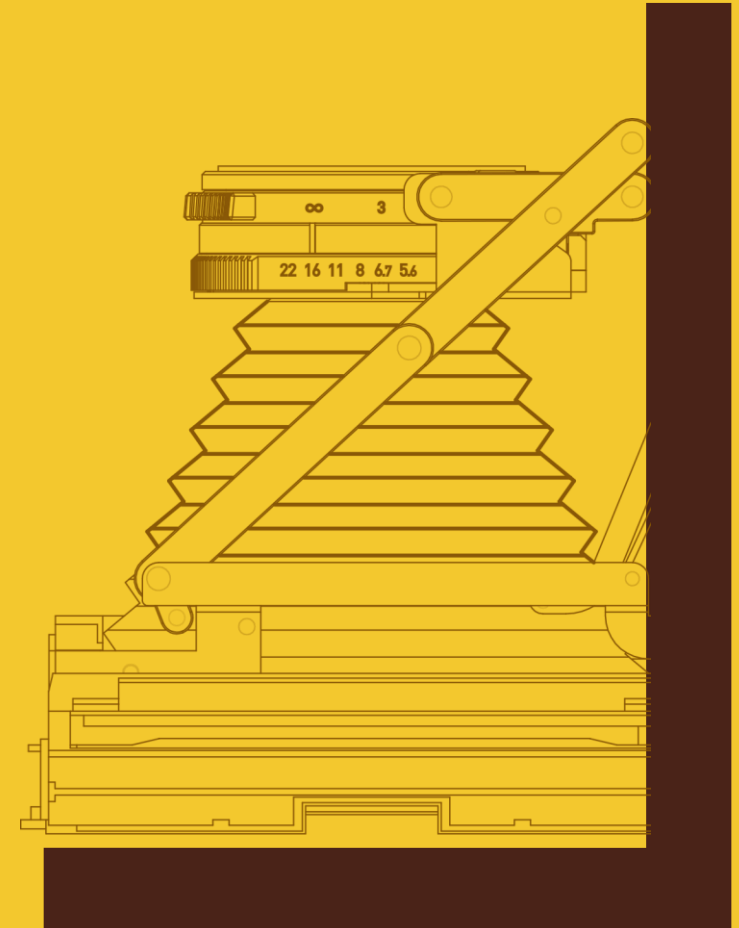

## ABOUT '5 SHOTS WITH'

'5 shots with' is a project started by 8storeytree in collaboration with MiNT. The project showcases 5 shots by each photographer using the MiNT InstantKon RF70.

The idea is to demonstrate just how powerful and professional the camera is, and who better knows this than the photographers who have used the camera.

To showcase your photos or for more info, email us at [info@8storeytree.com](mailto:info@8storeytree.com).
